Subject: WestPenn - TX Aerial Saw Operations - 3/15/23 - 12/16/23

All,

Please be advised that on March 15, 2023, weather permitting, Aerial Solutions Inc. will be mobilizing to WestPenn and will be conducting Aerial Saw Operations. Aerial Saw Operations are scheduled March through December, covering selective Transmission facilities system-wide annually. The helicopter has a saw consisting of multiple 24-inch rotary blades powered by a motor suspended on a vertical boom beneath it. As the helicopter flies slowly along the right-of-way, the aerial saw cuts and trims trees and other vegetation.

- **Aerial Saw** – *Aerial Solutions Inc., White & Yellow MD 500 E with Blue Stripe, Tail Number N1107T, Pilot: Cameron Moon (910-625-1904) - see attached photo*

The pilot will be in communication with any local Airports, when in their airspace. Please “Text” VM Specialist or Pilot for emergency notification during patrol.

Please advise local Safety Forces and other public entities or sensitive customers as needed.
